

We are KS1 historians

Enquire, question, discover, organise, analyse, compare, interpret, reason!

- think about the past.
- ask and answer questions to promote enquiry.
- understand why people did things, why events happened and what happened as a result.
- talk about similarities and differences between ways of life at different times.
- know where people and events in periods studied fit on a chronological timeline.
- use vocabulary and phrases relating to the passing of time.
- explore the different ways in which the past is represented.
- understand ways we can find out about the past.
- talk about different types of people, events and beliefs within society.
- interpret sources of evidence.
