

Week Beginning 14.09.26
This week we will be learning.....

Phonics: - rhyming words and rhyming stories. We had also introduced how many syllables are in a word. For example- Kiwi- Ki/wi- 2 syllables.

Maths: - Subitising up to 3. When subitising, children can say how many there are in a small group of objects by 'just seeing' and knowing straightaway without needing to count. We will also enjoy counting up to 5 and beyond.

Topic: - new routines and learning sessions. Children will explore the school environment and enjoy new lessons in class.

Nursery Rhyme of the week: - Baa Baa Black sheep

How you could help your child:

- Read story books and poems that include rhyme and see if your child can spot the words that rhyme.
- Say a word, for example, dog. Can your child say a rhyming word for it.
- Sing the nursery rhyme of the week.
- Can you sing the nursery rhyme but use other colours.
- Help your child to name their feelings by noticing them with them. For example: "I can see that you are happy" – when you see them smiling or laughing; "I can see you are frustrated" – when they may be getting cross in not being able to do something.

Please feel free to share any photos of activities or special moments on your child's portfolio on Class Dojo – it is lovely to see activities the children are doing at home.

Thank you for your support in helping your children as they settle into school life ☺
