

Week Beginning 21.09.26
This week we will be learning.....

Phonics: - - our first phonemes (sounds). This week we will meet some of the characters from the stories we will use to help us learn to read. We will learn the phonemes 's', 'a' and 't'.

Maths: - activities around counting accurately up to 10, as well as counting small group using 1:1 correspondence.

Topic: - Who are you? We will be exploring our families, Favourite things and what we look like.

Nursery Rhyme of the week: - Humpty Dumpty

How you could help your child:

- Play I spy with your child using initial sounds or by sounding out the word e.g. I spy with my little eye a c-a-t.
- Find groups of things in the house that begin with a 's' 'a' or 't' sound.
- Use the sounds in short words when you ask them to do something, for example - "let's get ready for b-e-d (bed)", "get your h-a-t", "put on your s-o-ck", etc.
- Continue to practise counting out loud with your child from 1-10. Count the things you do, for example each step you take as you go upstairs, the knives and forks as you put them on the table for dinner, or the number of cars you pass on your walk / drive to school etc.
- Complete a self portrait using different materials.

Please feel free to share any photos of activities or special moments on your child's portfolio on Class Dojo – it is lovely to see activities the children are doing at home.

Thank you for your support in helping your children as they settle into school life 😊
